Att: Mr.M.Rafiq Lodhia,
with reference to the telephonic talk on 23rd February 2009, it was my mistake and Mr.Abdul Aziz has emailed me "OK Razack bhai - salams - Aziz".

I am fully hopeful and sincere for his willingness to pay though he has not committed as far as the figures are concerned in writing with his signature.

You have authorised him to send certificate no. and file no. I think it is not appropriate. The right thing is to send the notarized copy of certificate through your lawyer. to his lawyer in India.

Please note that in this case, he will answer all official questions and amount and disown other things. If we go through Mr.Aziz, then there will be possibility he will stand by his words and amounts and he will not disown the full amount because he morally agree to pay the whole amount with necessary documentation.

with best regards,
Abdul Razak Teli
