Company Profile

Prior to 1993, our family business was in textiles - '**M / s HEESONS**'. Our group was guarantors for **M / s Binny Mills** for South India back then. In 1993 our group ventured into real estate & construction - '**Frontline Constructions**' since the market in Bangalore was booming and it was the right time for our group to get into it.

Today, real estate & construction has been the backbone of our business and our growth. With the current market situation, we are still holding strong as we were cautious with our financial investments and our present group liabilities are almost negligible. In the year 2007, Frontline Constructions was renamed to **M/s Axxess Properties**.

In 2005, our group decided to bring back textiles within our expansion plan as the potential was huge when we considered the India market. **M / s Axxess Sourcing** was formed in the expansion plan. To do this, we associated ourselves with an international company based in Sri Lanka - 'M/s Brandix Apparels Ltd.' who is catering not only textiles (M/s Brandix Textiles Ltd.) but apparels to all the major brands / labels in the Europe & USA market.

In 2007, success with imported fabrics in the Indian market, we decided to cater to the major retailers in India with the garment facilities with our associate in Sri Lanka - '**M / s Brandix Apparels Ltd. - B.B.C. & B.E. division**' respectively.
